

Assessment Part 2: Peer marking <https://holmwoodsophie.wordpress.com/>

Criteria	Standards	
1. Blog Reflections	<ul style="list-style-type: none"> • The blog is created in Wordpress • The three reflections topics were selected from the given list in the assessment question • The three reflections are addressed clearly, coherently and articulately • Reflective and critical thinking is demonstrated • Clear and well explained links from the reflection topics to unit concepts, content and/or readings • The presentation and design of the blog is creative, of high quality and visually appealing • The blog is supported by relevant and high quality video and/or website links • The three reflections are appropriately referenced by relevant, current and high quality academic standard references • Correct in-text and end-text APA 6th – ed referencing • Word count adhered to • Correct sentence construction, spelling, punctuation and grammar 	/35
2. Digital Resources	<ul style="list-style-type: none"> • Two digital teaching resources links are engaging and appropriate for use within a school context • The links for the two digital teaching resources and corresponding Evaluation Matrix are uploaded as a blog entry and readily accessible • The two Evaluation Matrices are completed clearly, coherently and articulately • The two Evaluation Matrices demonstrate reflective and critical thinking 	/10
3. Peer Marking Rubrics	<ul style="list-style-type: none"> • Blog is completed by Week 8, 27 April 2015 • The peer marking rubrics are completed by two different students currently enrolled in this unit • The two peer completed marking rubrics are uploaded as a blog entry and readily accessible 	/5
<p>Comments:</p> <ul style="list-style-type: none"> • Clear layout and easy to read blog. • Well thought out blog posts that contain content that is well explained. • Nice use of media (images) that is appropriate for your corresponding blog post. • References at the end of the blog posts seem to be centred rather than aligned on the left margin. • The two digital teaching resources, I like yours but I was under the impression that we were to create our own resources rather than just linking to a site. • However the evaluation matrices are done well and demonstrate critical and reflective thinking. • All in all a nice looking blog with only a few things that need a look at. <p>Marker: Rhys Hennig</p> <p style="text-align: right;">Total: /50</p>
